

## TRINITY HEALTH RADIOLOGIC TECHNOLOGY PROGRAM

Health Center – 3<sup>rd</sup> Street  
420 3<sup>rd</sup> Street SE • PO Box 5020  
Minot, North Dakota 58702-5020  
701-857-2316 • Fax: 701-857-3494

### CODES OF ETHICS & HONOR

As part of the application process for admission into this program, applicants are asked to sign a Codes of Ethics and Honor form to ensure the applicant's awareness of the ARRT requirements well in advance of applying for the certification exam.

The ARRT is the entity that will determine a student's eligibility to take the required certification exam to become a registered radiologic technologist. As such, students who may have answered "yes" to any of the questions on the Code of Ethics and Honor (summarized again below) must personally contact the ARRT and complete a pre-application to determine whether they are eligible to attempt the required certification exam for radiologic technologists.

#### Contact information:

ARRT

The health care profession is held to a higher standard of integrity than many non-healthcare professions. As a student in our school of radiologic technology, you will learn to be a health care professional. As such, society's ethical principles and laws to safeguard the health of the public should guide your behavior.

The American Registry of Radiologic Technologists (ARRT) requires you to sign the following statement before being allowed to take your registry exam to become a Radiologic Technologist.

*"Have you ever been convicted of a misdemeanor or a felony?" \_\_\_\_\_*

Note: Charges or convictions resulting in any of the following must also be reported:

–pleas of guilty, – pleas of no contest, – withheld or deferred adjudication, – suspended or stay of sentence

–pre-trial diversion, –military court martial, – drug or alcohol related charges

DO NOT report misdemeanor charges or convictions that occurred while a juvenile and that were processed through the juvenile court system.

Also due to the higher standard of integrity that society places on healthcare professionals, the ARRT expects students to also academically conduct themselves in a moral and ethical manner, and not to act in any manner that is punishable by law or ethical misconduct.

The ARRT requires you to sign the following two statements before you are allowed to take your registry exam.

1. *"Have you ever been suspended, dismissed, or expelled from an educational program that you attended in order to meet ARRT certification requirements?" \_\_\_\_\_*
2. *"Have you had any license, registration, or certification denied, revoked, suspended, placed on probation, or subjected to discipline by a regulatory authority or certification board (other than the ARRT)?" \_\_\_\_\_*
